

How Does PodoExpert Work?

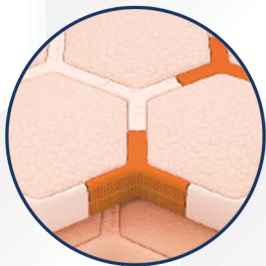

Gaps in the skin's lipid matrix allow germs to enter.

Skin-related lipids fill the gaps in

The original protective skin barrier is restored.

Like perfect puzzle pieces, the skin-related lipids place themselves in the gaps of the damaged skin barrier.

PRODUCTS FOR USE AT HOME

DRY TO CRACKED SKIN

Nourishes the skin with an intensive supply of lipids and moisture. Repairs and stabilizes the damaged skin barrier. Also available in a urea-free formula.

DRY REDDENED & ITCHY SKIN

Reduces flaking skin, redness and itching. Guards against the reappearance of fungus (tinea pedis).

REPAIR NAIL TINCTURE

Regenerate the nails and changes the nail environment to counteract nail fungus (onychomycosis).

SHOE & FOOT DEODORANT

Removes unpleasant foot odor and provides shoes with a fresh scent. Effectively targets and protects against bacteria that cause foot odor and helps prevent excessive sweating of the feet (hyperhidrosis).

I am obsessed with my PodoExpert foams! Nothing has ever worked as well as these products for my cracked heels... and I can't believe how quickly it worked! I will be forever thankful for my podiatrist for recommending them to me just a few months ago!
