

## The PodoExpert Difference.

Traditional moisturizers are greasy in nature and tend to “block” vital ingredients that are key to healthy skin regeneration.

PodoExpert, however, is a unique foam cream that is non-greasy and does not cause any build-up that may clog the pores.

The patented, clinically-proven formula achieves skin repair because of two unique features that are only found in the PodoExpert product line:

- LIPO 2 Skin Repair Technology -
- BarrioExpert Foam Technology -

Change the way you care for your skin... *forever.*
